

THE H.P.T.A. LIBRARY

In this issue we are publishing a list of all books, catalogues (pre 1940) available to our members.

As we haven't a permanent meeting place to store these publications, I will bring them with me to as many meetings as possible.

Borrowing procedure is as follows:-

Publications may be borrowed at any meeting but must be returned at the following meeting. Your name, title of publication and phone to be recorded in the Borrowers Book and cancelled on return.

In the next issue I hope to list various other publications, catalogue etc of which most have been donated to the Association.

ODD SPOT

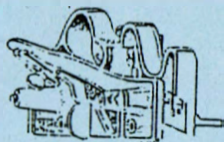

One country member reports that he spent two days in the local tip delving for planes thrown out by the local jail. His enthusiasm was well rewarded by finding a pair of Preston rebates with brass skins. He now has a unique item with a special local meaning.
